LOCAL AND GENERAL.

The Anglican Church social held on Tuesday evening, August 4th, took the form of a progressive euchre tournament. The prizes were won as follows:—First lady, Mrs Seymour Smith; first gentleman, Mr Mulholland; booby prizes, Miss Barron and Ray Carran. The vicar (Rev. Addenbrooke), took advantage of the gathering to say a few words of farewell to the late secretary, Mr P. Ackland, whose sudden departure prevented a special farewell. Mr and Mrs Ackland have both been active workers in the Church, and their removal is a great loss. Regret was also expressed for the loss of another Church member, Mrs Hutton, who was also included in the vicar's farewell speech. The evening concluded with the singing of "Auld Lang Syne."

Mr Harvey is to give a lecture in Town Hall, Warkworth, next Sunday at 8 p.m.

As will be noticed by our advertising columns, the Scout social has been postponed till September 25. Owing to family bereavement Senior Patrol Leader W. Clark who is taking a prominent part in the programme is unable to arrange for the preparations for the date originally fixed, hence the postponement.

The next fortnightly Anglican social will be held in the Oddfellows' Hall next Tuesday evening. A visit from a party of Whangarei amateurs is promised for Sept. 10th, when they will give a dramatic entertainment in aid of Church funds in the Town Hall.

Lord Strathcona once said that even if a Scotsman lived a lifetime abroad, a Scotsman he remained; and the ubiquity and adventurousness of the race are a favourite conversational theme with him. He once told, to illustrate this racial characteristic, the story of a Scotsman in Shanghai who betted an incredulous Southerner that he would discover a Scotsman in every ship in the harbour, and who going to each ship in turn and calling "Are you there, Mac?" into the engine-room, got an "Aye, aye" every time.

Miss Perry has commenced business in Warkworth as a dressmaker and costumeré. Miss Perry has had late experience with the well-known establishment in Ponsonby "La Belle Facon," so that any work entrusted to her is sure to receive the best attention.

Mr O. C. Gubb, Kaipara Flats, announces that a motor service, Kaipara Flats Warkworth and Matakana daily is to be commenced.

Mr F. I. Treadwell has taken over the old-established business so long conducted by Mr J. Treadwell in Wellsford as a general blacksmith, etc. Genuine Ford parts are stocked, and repairs undertaken.

Mr George Johnston has resumed the proprietorship of Warkworth's bakery and confectionery business, and residents can expect the same high standard of goods as hitherto.

Walking along the sea front at Hove, a visitor was surprised to see a man with a fishing rod, apparently angling in one of the flower beds. Knowing that so many people visit Hove for their health, the visitor concluded that the would be fisherman had suffered a mental relapse, and with a view to cheering him up he approached him, saying, "Don't look so gloomy, old chap! How many have you caught?"

"Well, you're the ninth," was the other's bland reply.

Kaipara Flats Tennis Club dance on 4th Sept., when the Art Union results are also to be announced.

With regard to the proposed Counties Amendment Bill, Section 8 of which deals with the proposal to repeal Section 131 (3), which deals with the keeping of riding accounts, the Whangarei county clerk, Mr H. C. Hemphill, has written to the Under-Secretary of Internal Affairs, as follows: "Re Section 8 of the Counties Amendment Act, I am directed to say that this Council is strongly of opinion that riding accounts are most necessary in the good administration of counties, and it is strongly urged that Section 3 (c) of the Local Bodies Finance Act of 1921-22 be suitably amended by exempting riding accounts from its provisions, instead of repealing Sub-section 3 of Section 131 of the Counties Act, which would be most inadvisable."—Whangarei Advocate.

Mr James Thornton, of Rodney Garage, has a 5-seater Rugby car for sale at £175.

A queer African snake, which lives on eggs, has a tooth-like spike projecting downwards from its back bone, just behind the head, which is tipped with enamel. When it swallows an egg the latter passes down the gullet until it encounters the spike, which breaks the shell.

Mr T. H. Walden, Whangateau, has a new advertisement in reference to the well-known Dodge car, which carry a 90-day warranty for free repairs. Mr Walden is also agent for the Rugby and Flint cars.

AUCKLAND WINTER EXHIBITION.

There have been big attendances to the Winter Exhibition since opening at the Prince's Wharf. As time progresses the exhibition appears to grow in popular favour (says the Herald.) The great variety of exhibits, the music, the side-shows, and the nightly programme of entertainment all combine to make the exhibition a centre of attraction for young and old. Visitors from the country continue to arrive, keenly interested to see the exhibits of primary products, and particularly the butter entries in the world's championship competition. City dwellers also manifest a profound interest in the dairy entries, as well as in the very fine display of field products that is staged in close proximity to the dairy section.

The section devoted to secondary industries is undoubtedly the most striking feature of the exhibition from a spectacular point of view. The wide variety and high excellence of the exhibits form convincing evidence of the fine standard of industrial activity that has been attained by New Zealand manufacturers.

The exhibit provided by the Ruakura State Farm this year is worthy of more than passing mention. It conveys a fine impression of the primary resources of the province, and displays the products of the various branches of farming in an instructive and attractive manner. The field produce, including fine specimens of roots, grain, and other produce, is displayed to fine effect, as well as fruits of the citrus and other varieties grown locally. A comprehensive display of honey and its by products is a feature of the exhibit. It comprises various types of honey, including a collection of the produce of different countries.

A feature of the greatest educational value to farmers and graziers included in the exhibit is a collection of grass plots showing the pastures in the various types of development and deterioration. Examples are shown of plots in the highest state of fertility, while others demonstrate the manner in which the pasture declines in value and seeding power as a result of the lack of top dressing and proper cultivation. The different types of grass are labelled, and descriptive cards convey valuable information relating to proper farm practice in regard to the establishment and maintenance of pasture land. The exhibit is worthy of very thorough inspection, and that it is appreciated is shown by the crowd of visitors that congregate around it.

PEDIGREE JERSEYS.

ADDITIONS TO LOCAL HERDS.

Some more excellent pedigree Jerseys came into the district last week from the dispersal sale of Mr T. Pollock, junr., of Pukekohe.

Mr A. J. K. Campbell, of Matakana, bought three of his foundation cows—"Mangere Belle," who did 485lbs. fat in 300 days at 6 years, and has won many prizes (including champion at Franklin, Cambridge and Helensville) A 2 year old heifer of hers brought 100 guineas at the sale. The other two foundation cows were "Flora Deem" who did 525lbs. fat at 5 years and "Sunny Brae," line-bred to Eileen's Fox, who did 368lbs. at 3 years and is the mother of several prize winning females. One of these, "Falconite Sunshine," by Golden Joy (a Golden Swan—Flannine's Gift bull) was also bought by Mr Campbell. All her daughters have wonderful udders. Mr Campbell bought another heifer, "Falconite Sundance," also out of Sunny Brae by Marshland's Conqueror. This bull has great butter-fat backing, being out of Tinohiu, who did 641lbs. fat at 3 years and has won many prizes.

Mr Roy Ellis, of Kaipara Flats, bought a young cow "Falconite Patch" by Golden Joy, out of Dominion's Lovely Gem, who did 557lbs. fat; she is in calf to Marshland's Conqueror. Mr Ellis also bought a heifer calf by Marshland's Conqueror, out of Falconite Rose, who is by Ensley's Majesty out of Mr Campbell's cow, Falconite Sunshine; and a bull calf by Marshland's Conqueror out of Falconite Eileen, who is by Belle's Dummy (Fernaig Dummy—Mangere Belle), also out of Falconite Sunshine.

We understand that a movement is well in train to form a Jersey Club with the idea of getting better Jersey entries for the Shows, and also to hold Jersey sales.

TOWN BOARD ELECTIONS.

MR. THORNTON SUCCEEDS MR. BAILEY.

Only one nomination, Mr James Thornton, was received for the position on the Town Board, vacant through Mr Bailey's resignation. We congratulate Mr Thornton on his entry into public life and wish him every success therein.

WEDDING.

EMTAGE—YOUNG.

A very pretty wedding took place at St. Aidan's Church, Remuera, on Wednesday, August 5th, when Margaret Rithia, daughter of Mr and Mrs W. Young, was married to John, third son of Mr and Mrs Geo. Emtage, of Warkworth. A reception was held after the ceremony at the home of the bride's parents, Minto Road, Remuera. About 60 guests were present, and the usual toasts were honoured, and good wishes for the future tendered to the happy couple.

The bridegroom's father—Capt. G. Emtage—is well-known as being connected with the sea for close on fifty years. He has been master of many vessels trading to different parts, and during the whole of that period any member of his crew was fortunate in not meeting with any serious accident, nor was any damage done to the extent of a ten-pound note.

"Don't sport with health"—Jackson.

You cannot afford to take chances with your health, especially in chilly weather. Keep pills at bay with Baxter's Lung Preserver. For over half-a-century this famous remedy has given relief to countless thousands of sufferers from colds, coughs, bronchitis and influenza. "Baxter's" has unique penetrative qualities that quickly root out the trouble. Also a dependable tonic.

Get a generous-sized 2s 6d bottle now from any chemist or store. Family size 4s 6d. But be sure you get "Baxter's"!

A witness in a case heard in the Taihape Court said (reports the Taihape "Times") that he was engaged in cutting wood and selling same, and his earnings during fine weather amounted to £200 per month. Expenses in connection with the getting of the wood, etc., only totalled £75 per month.
