Don't wait until you are right out
of receipts or other printing before
sending your order to the "R. & O.
Times" office.

Wet feet, a chill, then sore throat, which is
not checked immediately may develop into a
serious cough. "NAZOL" used freely at the
outset will save a lot of trouble.

POHUEHUE.

(A Correspondent.)

REMEMBERED.

Special Jas. Peery was not permitted
final leave, owing to pressure of duties
but neighbors and settlers were not
going to let him get away without
some token of their esteem. They
subscribed for a wristlet watch, and
forwarded it to the soldier by his
father, who went South to see him off.

FANCY DRESS BALL.

A fancy dress ball was held in the
Pohuehue School on Wednesday even-
ing last. Though the weather was
favorable the attendance was small;
still, those who did attend managed to
spend a most enjoyable evening. The
fancy dresses accounted for the pres-
ence of a number of children, so for
their benefit games were indulged in
between the dances during the early
part of the evening. After supper
euchre was played, and after that
dancing was resumed till "Auld Lang
Syne," three cheers for the musician,
Mr A. Dennis, and three more for
"Our Army and Navy," brought the
proceedings to a close.

The most noticeable costumes were
those representing the "Rodney
Times," "A Red Cross Nurse," "The
N. Z. Ensign," "A Flower Girl,"
"Mrs Pankhurst," "A tennis player,"
"A Tramp," and "A Hard-up."

ROAD BLOCKED.

The "slip" at the "Turntable" is
still a source of annoyance to those
travelling by road, though little can
be done to it till the dry weather
comes.

ARBOR DAY.

Arbor Day was celebrated recently
at the school, when an unsightly cor-
ner of the school ground formerly
covered with gorse, was, under the
direction of the local nurseryman Mr
A. Shaw, planted with native trees,
shrubs, and pungas, each child plant-
ing and being held responsible for the
caring-for of one particular tree.

A sudden chill may give you cold in the
head, Inflamed Throat, or Bronchitis. Re-
member! if you should take a chill don't
wait until you are laid up, but use "NAZOL"
freely right away. Thousands know its value.

Mr W. Shaw, Pohuehue, has an ad-
vertisement in this issue of general
interest. He announces for sale
specially selected seeds and plants that
everybody requires. In addition there
will be available from him parcels of
crysanthemum plants of the sorts that
attracted so much attention when seen
in Warkworth a few months since.
(There were some beautiful blooms.)
The prices are reasonable.
