A sure corrective for acidity of the Stomach
and at the same time a gentle aperient will be
found in Sharland's Magnesia.

The Ashburton Guardian (south
(Canterbury) states that the frost has
played havoc with several of the
wheat crops in the Killiney district,
and more particularly those grown on
the heavy peaty soil. In one instance
a whole crop of 30 acres was, on ex-
amination, found to be devoid of any
sign of grain, and the owner, on mak-
ing the discovery, promptly cut it for
chaff.

CLOSE CALL WITH A SUBMARINE.

Private B. Roydhouse (17th), writ-
ing from camp, England, says:—
"The "Pakeha" put into Ply-
mouth after a scamper away from a
submarine. A quarter of an hour af-
ter we passed the Lizard lighthouse a
large steamer was torpedoed there,
presumably by the submarine that we
scouted from.
"We may go to France in a week,
or may be later. The 16ths. are all in
action. More men are wanted at the
Front."

The too free indulgence in sweets, cakes etc.
soon upsets the stomach. The easiest and
simplest corrective is Sharland's Magnesia.

THE BOY SCOUTS.

The local Boy Scouts went into camp
yesterday at Major Whitney's Wai-
wera; Scoutmaster Macdonald in
charge. It is anticipated that they
will remain eight or nine days.
The muster will total about 20, and
all expect to have a good time.

When you have a sick nauseous taste in the
mouth, a few doses of Sharland's Magnesia will
put you right.

VISITORS AND SLIPS.

The holidays brought many visitors
to this favored spot.
Slips on the roads were num-
erous. One driver had a hot
bath, and put it out of his mind for a
time.
