**MONEY TALKS!**

If ever money talked it is now. And it is required to talk Humanity.

The British, with their Allies, have got to win this War, or let the world go smash.

Men and money are required to win the War. The experts all agree about that.

If you can't fight, let your money fight for you.

Subscribe to the War Loan.

Not in a niggardly way, as though you were contributing at a Church bazaar; but in a patriotic way (if your blood contains the necessary chemicals to so prompt you.)

And don't think you are making any sacrifice in subscribing to the War Loan.

You are doing jolly well out of it—getting better interest than you ever got before.

Moreover, the better off you are the better it will pay you to subscribe to the War Loan.

The time to subscribe to the War Loan is now.

If you put it off to the last day there'll be a flood or other trouble; or the horse will have something wrong with it; or the train will be blocked by a slip, or there will be something else.

So don't take a chance.

Get to your local Post Office straight away, and do your bit financially for the cause that means Comfort or Misery for you and yours.

Cast your ballot for Comfort. That is, put your money into loan bonds or certificates.

Everyone can take a bond or a certificate.

And no doubt most will take one or the other. But they don't want to rush the offices on the last day.

**SUDDEN DEATH AT PORT ALBERT.**

Mr Charles W. Booth died suddenly at Port Albert on Friday afternoon last. An inquest was held on Saturday, under Mr L. P. Becroft, Coroner. Dr Campbell Jenkins gave evidence to the effect that the cause of death was cerebral haemorrhage.

It appeared that Mr Booth had gone out into a paddock to bring in a cow. He did not return, and half an hour later was found lying dead.

A verdict of "Death from Natural Causes" was recorded.

**AHURUA BRANCH WOMEN'S P. L.**

(Own Correspondent)

A meeting of the Ahuroa Branch Women's Patriotic League was held in the Ahuroa Hall on August 11th to consider further co-operation with the Auckland League. There was a fair attendance, and it was decided to continue co-operation with the Auckland League. Some will send their contributions to the Y. M. C. A. in preference to the parcel system. A number of Christmas cards were sent by non-members.

If you want the charm of sound pearly white teeth, and a clean sweet breath, you should use "OZO" TOOTH POWDER twice daily. 6d tins everywhere.

**LOCAL AND GENERAL.**

The Warkworth Post Office will be open in the evening from 7 to 8.30 on Friday and Saturday next for War Loan business.

Private Colin Pullman, of Dome Valley, is in hospital in England seriously ill. He has been wounded six times.

**DOMES VALLEY.**

(Own Correspondent)

**FAREWELL SOCIAL.**

On Aug. 14 the people of Dome Valley gave a send-off to Private Cliff Grimmer, home on final leave. The building was decorated for the occasion, and an enjoyable evening was spent. Rev. Southern presided. Contributions to a varied programme were made by Master D. Bradnam, Mr S. Phillips, Miss A. Grimmer, Mr N. Phillips, Mr T. Oakes, Mr A. Morris, Miss J. Petherick. The chairman and Messrs G. T. Civil and H. I. Phillips spoke on the subject of the evening, and Mr Cliff Grimmer suitably responded. (A wristlet watch will go to the departing soldier by post.) Mr and Mrs F. Grimmer and Mr H. Phillips then sang, "Keep the Home fires Burning," the audience joining in the chorus. Refreshments were served.

**A GLOOM OVER THE VALLEY.**

Quite a gloom was spread over Dome Valley when word came that Walter V. Petherick, second son of Mr and Mrs J. A. Petherick, had died of wounds in France. Walter was, I believe, the first Dome Valley boy to volunteer for the Front. It was 12 months last March since we held a social to bid him farewell. He saw a good deal of fighting, and from what we know of him he would be always doing his duty, no matter how hard the task. He was respected by a wide circle of friends, and numerous telegrams and letters have been sent from various parts of the country to his parents, expressing deep sympathy.

**DRAINING SOLDIERS' FARMS.**

AT STREAMLANDS.

Mr A. Ross, Public Works engineer, from Mangaturoto, has been spending some time in Warkworth lately, for the purpose of taking levels for draining the swamp portion of the Streamlands property now occupied by returned soldiers. The abnormal rainfall we have experienced of late made his task by no means an easy one, and much of the work had to be carried out in water three to four feet in depth. The work has just been completed, and Mr Ross anticipates that tenders for the draining will be put in hand by the Government without delay, necessitating several gangs of men being employed to carry out the work.

**SHOT FOR A WALLABY**

Last Friday a party of young men went to Kawau to shoot wallabies. One was shot in the legs, quite accidentally, of course in mistake for a wallaby. The injuries were not serious. Wallaby shooting is always dangerous when the party separate.

That "Jack is as good as his master" may be all very well as a jest, despite such patter, in men as in matter, the best will be always the best. In the keen competition for trade, worth alone can succeed in the end—For coughs or colds this principle holds. In Woods' Great Peppermint Cure.

Every kind of printing is turned out at the local office.

"OZO" TOOTH POWDER is the Queen of Dentrifices because it is a perfect combination of those qualities which preserve the teeth, make them pearly white, and impart a sweet fragrance to the breath. 6d tins everywhere.

**THE WAR.**

**ONE OF THE MAIN BODY.**

Private Ken. Warin, who for the past three years has been serving his country, having been one of the first to answer the call, returned to his native town on Friday last. As he stepped ashore at Warkworth from the "Kawau" he was cordially greeted by the gathering of representative citizens including members of the Town Board and the Soldiers' Entertainment Committee. The returned soldier looks in first-rate nick, but for the fact that his right arm is out of action. It is hoped that it will improve. He has travelled and seen much since he left here in Aug. 1914.

**FALLEN HEROES.**

**MILITARY PLAQUES FOR RELATIVES.**

His Excellency the Governor-General has received a telegram from the Secretary of State for the Colonies which states, inter alia:—

His Majesty's Government offer prizes amounting in all to not less than £500 (in proportion to be subsequently decided) for a limited number of the most successful models for a small memorial plaque in bronze to be given next-of-kin of those members of His Majesty's Naval and Military Forces who have fallen at the front. The names of competitors will not be revealed to the judges, and the name of the nominated artist or artists alone will be published. All competitors must be British-born subjects. Prints of information to competitors will follow by post, and will be published when they arrive.

**MEN WHO HAVE GIVEN ALL.**

It is again our duty to sympathise with the parents, relatives, and friends of a local soldier who has passed on. Private Walter Petherick, well-known in this district, has died of wounds received in France. Let his memory be honored with others who have given all that we may live in peace in New Zealand.

And yet another. Word came along almost at the same time of the death of Private Sadler, of Whangateau. He had been killed in action. In his case, also, parents, relatives and friends have our sincere sympathy. If the departed soldier has brought them sorrow he has likewise brought them honor. He has acted well his part: he has justified his existence. Not all will be able to say as much when their time comes.

**TE HANA BRIDGE.**

Traffic is now going over the new Te Hana bridge (Main West Coast road.) It is not likely to be much used until the Topuni bridge is constructed. That, we understand, will be gone on with almost immediately.

**SUBSCRIPTIONS BY POST.**

We propose for the future to acknowledge under this heading those subscriptions sent by post. The acknowledgement will be a receipt:—
